Simulation Description:

The experience: Silage Expedition™ is a business simulation that places participants in the challenging and inspiring experience of climbing Mount Everest in order to win a prize offered by an eccentric millionaire. Time is crucial; they must reach their goal in just a month. Participants work and compete in teams of 5 or 6 people.

Together they have to make decisions about how to work together, how to use their personal strengths, which route to take, what equipment to use, and what risks to run. This program includes an enhanced multimedia experience with original video footage from the mountain and special effects.

Everest has always been the supreme symbol of man's struggle to achieve excellence, no matter the conditions. Succeeding on Everest depends totally on spirit, discipline, and will. And as in real life, there are only two possible results: success or failure.

Simulation Objectives:

- Inspire and mobilize people to achieve outstanding results in tough times and show them what they are capable of
- Help people use all available resources in the best possible way
- Improve business planning and strategy
- Capitalize and mobilize the power of the team and intangible assets
- Reflect on the kind of leadership required to survive and thrive in tough business conditions

Simulation Outline

- Create a common vision for success and align employees
- Evaluate and implement a business strategy
- Analyze risks and plan for contingencies
- Cultivate discipline to survive and thrive in difficult times
- Focus on efficiency and orientation towards results
- Manage tangible and intangible assets
- Improve interpersonal and inter-group communication
- Work and make decisions under stress and tight time constraints
- Achieve a flawless execution

Assessment Strategy:

Participants will be informally assessed based on their interaction during sessions and their participation in group exercises.
