

# ESRM & ESMS Training for Banks

## Banking Operation

**8303-2**

**In-Class**

**16 hours**

**EGP 4,850**

### **Course Description:**

The ESRM and ESMS Training for Banks is a comprehensive two-day program designed to equip banking professionals with the knowledge and skills necessary to effectively manage environmental and social risks within their institutions. The training covers a wide range of topics essential for integrating sustainable finance practices into the banking sector.

### **Target Audience:**

Bankers involved with E&S risk management and the development/implementation of the E&S Management System within their banks.

### **Course Objectives:**

The objective of the ESRM and ESMS Training for Banks is to educate and equip participants with the knowledge and skills necessary to develop, implement, and improve Environmental and Social Risk Management (ESRM) practices and Environmental and Social Management Systems (ESMS) within the banking sector. The training aims to provide insights into sustainable finance, international E&S risk management practices, and the integration of E&S considerations into banking operations, ultimately enhancing the participants' ability to manage E&S risks and opportunities effectively.

### **Course Outline:**
